

PI Eligibility Request

Purpose: The purpose of this workflow is to outline the process and requirements for requesting Principal Investigator (PI) eligibility. If a PI is not established in the system and wants to submit a grant, this is the application process that is utilized.

Notes:

¹Once SRP receives the PI's intent to apply they will review the funding solicitation, we inform PI if there are any issues with eligibility

²EACS – Enterprise Access Control System- a tool that is used at UCR to grant access to many of UCR's systems
